

## A NEW SHEEP DISEASE.

### Indiana Flocks Are Killed by Parasites.

#### DEVELOPS IN WINTER TIME.

Caused by a Worm That Breeds in the Pastures—Lungs and Intestines of Animals Examined Found to Be Alive With Them.

Crawfordsville, Ind., Feb. 18.—Professor Biting of the government agricultural station at Purdue university has, after a microscopic examination of the diseased parts of certain of the sheep which have been dying in Montgomery county, changed his opinion, and now states that the plague is not anthrax, as he at first thought.

He finds that the sheep are dying of a parasitical disease, which, while not contagious, will carry off whole flocks, as its germs are taken into the systems of the animals during the grazing season.

He finds the intestines and lungs of the animals he examined to be fairly alive with minute worms. A certain new worm which feeds on the grasses in some fields is responsible for the disease. The sheep feeding on the grass thus afflicted take the disease into their bodies in an embryonic form and it develops later when they are fed on dry food in the winter season.

#### Successful Elopement.

Lafayette, Ind., Feb. 18.—Jan. 4 a license was issued to Clinton Hall and Mabel L. Inskeep. The parents of the girl objected because she was under age. They threatened to prosecute the party who made the affidavit as to Miss Inskeep's age, she being but 16. They drove across the country to Shadeland, this county, where Rev. Henry Ross united them in wedlock. The groom was very vigilant and kept a horse and buggy in the vicinity of the Inskeep residence whenever possible. His patience was at last rewarded, and they are now married.

#### Bombs Exploded.

Columbia, City, Ind., Feb. 18.—The town of Andrews, a few miles from here, is greatly excited over the explosion of a number of bombs upon the street during the night. The first explosion took place in the vicinity of the railway depot as a train was passing. Had it been thrown more accurately the train and many persons must have been injured, as a large hole was torn in the earth by the force of the explosion.

#### What Brice Will Do.

Indianapolis, Feb. 18.—Calvin S. Brice has completed arrangements by which the Cleveland, Akron and Columbus railroad will be built this year into Cleveland. The road at present runs from Columbus to Hudson, O., and on the Pennsylvania tracks into Cleveland. The Pennsylvania railroad will be paralleled, and the Lake Erie and Western road will have a line of its own to the west.

#### Ransacked the House.

Brownsville, Ind., Feb. 18.—The residence of Charles Leib, near here, was broken into while the family slept, and was completely ransacked. Some startling developments are hourly expected. This is the third robbery that has been committed near here within the past week or 10 days.

#### Postoffice Robbers Arrested.

Lebanon, Ind., Feb. 18.—A telegram from Lafayette announces the arrest of two white men and one negro, charged with the robbery of the Lebanon postoffice. Twenty-three of the pension vouchers taken were found on the suspects.

#### Pleaded Guilty.

Washington, Ind., Feb. 18.—Mound Girdley, 19, who threw a rock and killed Joshua Swayze, a farmer, for refusing him a ride, pleaded guilty to the charge of manslaughter, and was given an indefinite sentence in the penitentiary.

#### Lynchers Not Indicted.

Osgood, Ind., Feb. 18.—The Ripley county grand jury adjourned after a lengthy session. The expected indictments against the Ripley county lynchmen who strung up five men did not materialize.

#### Will Woods a Victim.

Terre Haute, Ind., Feb. 18.—It is reported here that Will Woods, who figured in the Pearl Bryan murder case as an intimate friend of Scott Jackson, was a clerk on the battleship Maine.

#### Refused to Prosecute.

Louisville, Feb. 18.—Hunter Varilla and Herbert Ward, charged with having chloroformed and robbed Mrs. Catherine Hite last week, were dismissed in the city court. Mrs. Hite refused to prosecute, because it would incriminate her neices, who were in love with the men.

On Trial for a Double Murder. Maysville, Ky., Feb. 18.—The case against Amos Riggs for the shooting and killing of John Boyd and his son, Manderville, at Orangeburg, this county, about a year ago, is being tried in the circuit court.

FLEMINGSBURG Times-Democrat: "There is a scheme talked of now to form a stock company to buy a lot of ground from the Pearce heirs extending up the valley west of this city and build a twenty foot dam forming a lake or reservoir of several acres in extent. This is to be stocked with fish and the fishing privileges sold or leased together with the right to gather ice from it in the winter. The city will also be asked to take a hand and run a line of pipe from the reservoir down Water street with hydrants every hundred yards or so for a source of water supply in case of fire."

JOSEPH PIPER is mourning the loss of something like 1,000 to 1,200 pounds of his best tobacco. It was stolen from his barn last Thursday night and hauled away. The wagon went in the direction of Millersburg, but Joe has not been able as yet to locate the thief.—Carlisle Mercury.

#### River News.

About 4,000,000 bushels of coal will pass down to-day and to-morrow.

The Queen City is due down this evening at 6, and the Bonanza to-night. Up: Lizzie Bay for Pomeroy.

Captain D. Watt Shedd of the Courier was the only applicant for the position of Inspector of Hulls and stood his examination this week.

In order to market the 4,000,000 tons of coal annually shipped by the Monongahela it requires, according to the Coal Exchange 100 towboats, 4,000 barges, boats and flats, representing a capital of \$13,000,000. This immense plant is required because water adequate for coal transportation only exists for about two months in the year on the upper Ohio. The other ten months the fleets are idle.

#### Governor Bradley's Banquet.

FRANKFORT, Ky., Feb. 16.—Gov. Bradley gave a banquet to-night at the Capital Hotel to the Legislature, the Court of Appeals, his staff and a few personal friends. Covers were laid for 200. The only drink served was a magnificent punch, served in the parlors of the hotel immediately preceding the banquet. The guests insisted on a short speech from the Governor and Lieutenant Governor, but no toasts were drunk. The delightful entertainment concluded with the singing of "Old Kentucky Home" by all the guests.

#### Graves-Williams.

The marriage of Miss Eliza A. Williams to Mr. James J. Graves was solemnized Wednesday evening at 6 o'clock at the home of the bride's father, 'Squire C. W. Williams, near Peed, this county, Rev. George Shepard officiating.

WOMEN are not the only ones who are sensitive about their ages. A man doesn't like to be told that he is getting old. Health keeps a man young. It doesn't make any difference if he has lived eighty years. If they have been healthy years, he will be hale and hearty and won't look within twenty years as old as he is. Good digestion and rich, red blood make people look youthful. Dr. Pierce's Golden Medical Discovery makes rich, red blood. It makes health in the right way. It works according to the right theory, and in 30 years of practice, it has proved that the theory is absolutely correct. It begins at the beginning—begins by putting the stomach, liver and bowels into perfect order, but it begins its good work on the blood before it finishes with the digestive system. It searches out disease germs wherever they may be and forces them out of the body. All druggists keep the "Discovery."
